## A.I. and Generative A.I. Use Policy

### Purpose

Coaldale Christian School supports Reformed parents in raising covenant children as disciples of Christ. Emerging technologies such as Artificial Intelligence (AI) and Generative AI (GenAI) must be used responsibly - honouring God, fostering wisdom, and building discernment. AI is a tool to assist learning, not replace human thought, creativity, or responsibility.

### Guiding Principles

- **Stewardship:** Technology is a gift to be used wisely in service to God and others.
- **Integrity:** AI use must never compromise honesty or genuine learning.
- **Human Responsibility:** AI supports but does not replace human thought, creativity or communication.
- **Transparency:** Generative AI use must be acknowledged.
- **Discipleship:** Students and staff must be guided to use AI faithfully, cultivating diligence and creativity as image-bearers of God.

### Expectations for Students

- Sensitive student information must never be entered into AI platforms.
- **Grades K–6:** No independent AI use. Teachers may demonstrate tools for awareness only.
- **Grades 7–9:** AI used only under direct teacher supervision for limited purposes (e.g., brainstorming, grammar support). No independent use on assignments.
- **Grades 10–12:** AI may be used with teacher approval for study aids, drafting, or brainstorming. AI use must be properly attributed, and students must be able to explain their work.

**Unacceptable Uses:** Generating entire assignments, bypassing reading or critical thinking, submitting AI work as one's own, or citing AI as an academic source.

### Expectations for Staff

- May use AI to brainstorm, refine instructional materials, or support differentiation.
- Must review and verify all AI outputs for accuracy, theological alignment, and educational value.

# COALDALE CHRISTIAN SCHOOL

*"Your word is a lamp unto my feet and a light for my path" Psalm 119:105*

2008-8 Street Coaldale, Alberta T1M 1L1 Ph: (403)-345-4055 Fax: (403)-345-6436

- AI may assist in drafting feedback or assessments, but teachers remain fully responsible for final grades and student evaluation.
- Sensitive student information must never be entered into AI platforms.

## **Accountability**

- Students who misuse AI may face academic consequences, including reassessment or disciplinary action for dishonesty.
- Staff misusing AI may face corrective action.
- All AI use must be transparent and consistent with the school's mission.

## **Review**

This policy will be reviewed annually by the Board and Education Committee, with input from staff, parents, and students.
